Range overview

27 products across 5 categories, priced in Australian dollars exactly as our checkout charges them.

INHALERS

HERO Inhaler Go 1000	A$2,754
HERO Inhaler Go 1500	A$3,532
HERO Inhaler 900	A$3,945
HERO Inhaler 1200	A$4,545
HERO Inhaler 1500	A$5,145
HERO Inhaler 1800	A$5,945
HERO Dual 20	From A$3,683
HERO Inhaler Pro 3000	A$8,009

ACCESSORIES

Intelligent Steam Hydrogen Beauty Mask	A$812
Single Nasal Cannula	A$17
Single Nasal Cannula — 3 Pack	A$41
Single Nasal Cannula — 10 Pack	A$128
Dual Nasal Cannula — Two Users	A$21
Y Connector — Combined H_2 + O_2 Flow	A$20
Nano-Bubble Hydrogenation Rod	A$113
Hydrogen Eye Mask Goggles	A$85
RO Filter Replacement Set — HERO Purity 200-110 &…	A$128

BATHS

HERO Bath 6 L/min Hydrogen Nano-bubble System	A$7,577

WATER SYSTEMS

HERO RO Dual 10	From A$3,604
HERO Purity 200-110	A$2,321
HERO Bottle	A$324
HERO Irrigation Hydrogen Nano-bubble System	A$23,304

BUNDLES

Practitioner Water Bundle — HERO + HERO Bottle	A$2,645
Practitioner Hydrogen Bundle	A$6,340
Biohacker Hydrogen Bundle	A$6,632
Clinic Hydrogen Bundle	A$16,457
Distributor Hydrogen Bundle	A$16,457

Inhaler comparison

Total gas is the combined hydrogen and oxygen output (2:1). Black Friday prices apply to machines only; offer ends 30 November 2026.

INHALERS · GO SERIES

HERO Inhaler Go 1000

A straightforward entry-level inhaler. 660 ml/min pure H_2, with a smart touch display. Compact, quiet, ready to use out of the box.

PRICE (AUD)

A$2,754

Regular price ~~A$2,954~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Total gas output (H_2 + O_2)	1,000 ml/min
Pure hydrogen stream	660 ml/min
Noise level	≤ 45 dB at 1 m
Rated power	245 W
Weight	8.5 kg
Dimensions	24 × 26 × 46 cm

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/products/hero-inhaler-go-1000

WHAT'S INCLUDED

Power cord · User manual · Fuses · Three-way pipe (Y-adaptor) · Hydrogen inhalation tubes · 1-metre drain silicone tube · Water collector · Certificate of conformity · Warranty card · Hydrogen water diffusion rod

Accessory contents may vary slightly by model.

FULL SPECIFICATIONS

Total gas output (H_2 + O_2)	1,000 ml/min
Pure hydrogen stream	660 ml/min
Pure oxygen stream	340 ml/min at >99% purity (separated at the membrane)
Combined H_2 + O_2 flow	1,000 ml/min via included Y connector
Membrane	PEM with cathode + anode coatings
Display	Capacitive touch, TDS + timer
Safety	Water-shortage alarm, high-temp cut-off
Noise level	≤ 45 dB at 1 m (library-quiet)
Rated power	245 W
Input voltage	220–240 V (Australian version, supplied with AU plug)
Weight	8.5 kg
Dimensions	24 × 26 × 46 cm

INHALERS · GO SERIES

HERO Inhaler Go 1500

The higher-flow HERO Inhaler Go. Same compact PEM chassis as the HERO Inhaler Go 1000, delivering 1,000 ml/min pure H_2 (1,500 ml/min total gas).

PRICE (AUD)

A$3,532

Regular price ~~A$3,732~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Total gas output (H_2 + O_2)	1,500 ml/min
Pure hydrogen stream	1,000 ml/min
Noise level	≤ 45 dB at 1 m
Rated power	375 W
Weight	8.5 kg
Dimensions	24 × 26 × 46 cm

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

Accessory contents may vary slightly by model.

FULL SPECIFICATIONS

Total gas output (H_2 + O_2)	1,500 ml/min
Pure hydrogen stream	1,000 ml/min
Pure oxygen stream	500 ml/min at >99% purity (separated at the membrane)
Combined H_2 + O_2 flow	1,500 ml/min via included Y connector
Membrane	PEM with cathode + anode coatings
Display	Capacitive touch, TDS + timer
Safety	Water-shortage alarm, high-temp cut-off
Noise level	≤ 45 dB at 1 m (library-quiet)
Rated power	375 W
Weight	8.5 kg
Dimensions	24 × 26 × 46 cm

INHALERS · PROFESSIONAL SERIES

HERO Inhaler 900

The entry model of our Professional Series: heavy-duty metal construction on castor wheels, at the most accessible price.

PRICE (AUD)

A$3,945

Regular price ~~A$4,145~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Total gas output ($H_2 + O_2$)	900 ml/min (natural 2:1 ratio)
Pure hydrogen stream	600 ml/min at 99.991% purity
Noise level	≤ 45 dB at 1 m
Power	300 W
Weight	16 kg
Dimensions	260 × 340 × 420 mm

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/products/hero-inhaler-900

WHAT'S INCLUDED

Power cord · User manual · Fuses · Three-way pipe (Y-adaptor) · Hydrogen inhalation tubes · 1-metre drain silicone tube · Water collector · Certificate of conformity · Warranty card · Hydrogen water diffusion rod

Accessory contents may vary slightly by model.

FULL SPECIFICATIONS

Model	HERO Inhaler 900
Total gas output ($H_2 + O_2$)	900 ml/min (natural 2:1 ratio)
Pure hydrogen stream	600 ml/min at 99.991% purity
Pure oxygen stream	300 ml/min at >99% purity (separated at the membrane)
Combined $H_2 + O_2$ flow	Up to 900 ml/min via included Y connector (2:1)
Membrane	SPE / PEM hydrogen-separation stack
Water reservoir	3.0 L purified water tank
Water requirements	Purified or distilled water, TDS < 5
Water temperature	5–38 °C operating range
Voltage	220 V ~ 50 Hz
Noise level	≤ 45 dB at 1 m (library-quiet)
Power	300 W
Weight	16 kg
Dimensions	260 × 340 × 420 mm

INHALERS · PROFESSIONAL SERIES

HERO Inhaler 1200

Built for the user who runs hydrogen every day and wants a quieter, heavier, more refined platform than the entry-level HERO Inhaler Go.

PRICE (AUD)

A$4,545

Regular price ~~A$4,745~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Total gas output ($H_2 + O_2$)	1200 ml/min (natural 2:1 ratio)
Pure hydrogen stream	800 ml/min at 99.991% purity
Noise level	≤ 40 dB at 1 m
Power	380 W, IEC inlet with mains switch
Weight	16 kg
Dimensions	260 × 340 × 420 mm

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

WHAT'S INCLUDED

Power cord · User manual · Fuses · Three-way pipe (Y-adaptor) · Hydrogen inhalation tubes · 1-metre drain silicone tube · Water collector · Certificate of conformity · Warranty card · Hydrogen water diffusion rod

Accessory contents may vary slightly by model.

FULL SPECIFICATIONS

Total gas output ($H_2 + O_2$)	1200 ml/min (natural 2:1 ratio)
Pure hydrogen stream	800 ml/min at 99.991% purity
Pure oxygen stream	400 ml/min at >99% purity (separated at the membrane)
Combined $H_2 + O_2$ flow	Up to 1200 ml/min via included Y connector (2:1)
Adjustable flow	Step from 0 to 800 ml/min via ± controls
Display	Touch — flow, timer (min), TDS (ppm), temperature (°C)
Session timer	Up to 360 min auto-shutdown
Membrane	Twin SPE / PEM stack
Water reservoir	3.0 L purified water tank
Water requirements	Purified water / Distilled water, TDS < 5
Humidifier	Top-mounted, 3 outlet nipples (multi-user)
Mobility	Rear casters + recessed handle
Noise level	≤ 40 dB at 1 m (quietest in the range — bedroom-safe)
Power	380 W, IEC inlet with mains switch
Weight	16 kg
Dimensions	260 × 340 × 420 mm

INHALERS · PROFESSIONAL SERIES

HERO Inhaler 1500

A mid-flow HERO Inhaler machine — 1,500 ml/min total gas with 1,000 ml/min of pure H_2. Sits between the daily-use HERO Inhaler 1200 and the studio-class HERO Inhaler 1800 in the same 16 kg chassis.

PRICE (AUD)

A$5,145

Regular price ~~A$5,345~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Total gas output (H_2 + O_2)	1500 ml/min (natural 2:1 ratio)
Pure hydrogen stream	1000 ml/min at 99.991% purity
Noise level	≤ 44 dB at 1 m
Power	455 W
Weight	16 kg

INHALATION + HYDROGEN WATER

HERO Dual 20

Two protocols, one machine. Smart-touch dual-mode unit — Hydrogen Enjoyment for inhalation (three flow tiers: 1,000 / 1,500 / 2,000 ml/min combined H_2+O_2, 667 / 1,000 / 1,333 ml/min pure H_2) and Hydrogen Water for on-demand drinking water at ≥3,000 ppb dissolved hydrogen.

PRICE (AUD)

From A$3,683

Regular price ~~A$3,883~~

Black Friday price · Offer ends 30 November 2026

HERO Dual 20-1000	**A$3,683 (regular A$3,883)**
HERO Dual 20-1500	**A$4,692 (regular A$4,892)**
HERO Dual 20-2000	**A$5,124 (regular A$5,324)**

KEY SPECIFICATIONS

Total gas output (H_2 + O_2)	1,000 / 1,500 / 2,000 ml/min
Pure hydrogen stream	667 / 1,000 / 1,333 ml/min
Water — dissolved hydrogen	≥3,000 ppb
Power	220 W rated

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

WHAT'S INCLUDED

Power cord · 2× nasal cannula · Y connector (combined H_2+O_2) · Drinking-water pipe · Drain pipe · 3-way & 6-way humidifier tubes · PE feed pipe with negative-pressure valve · Hydrogen water diffusion rod

FULL SPECIFICATIONS

Modes	Hydrogen Enjoyment (inhale) + Hydrogen Water (drink)
User capacity	2 users
Total gas output (H_2 + O_2)	1,000 / 1,500 / 2,000 ml/min (tiers 1000 / 1500 / 2000)
Pure hydrogen stream	667 / 1,000 / 1,333 ml/min (tiers 1000 / 1500 / 2000)
Pure oxygen stream	333 / 500 / 667 ml/min at >99% purity, separated at the membrane (tiers 1000 / 1500 / 2000)
Combined H_2 + O_2 flow	1,000 / 1,500 / 2,000 ml/min via included Y connector (2:1) (tiers 1000 / 1500 / 2000)
Water — dissolved hydrogen	≥3,000 ppb
Water — output rate	≥350 ml/min, multi-gear adjustable
Membrane	Original imported PEM proton membrane
Mixing	Physical gas-liquid hydrogen mixing module

Display	Smart HD touch — flow, timer, TDS, temperature
Safety monitoring	TDS < 5 ppm, overflow, shortage, overheating, imbalance
Water input	Pure water / distilled water / RO purified
Water outlet temperature	Room temperature
Water tank	3 L built-in reservoir
Shell material	Aviation aluminium + anodising
Noise level	≤ 45 dB at 1 m (mute module + shock-absorbing chassis)
Power	220 W rated (shared across all three variants)
Gas purity	See model-specific gas-composition documentation
Weight	11 kg gross (shared across all three variants)
Dimensions	30 × 50 × 53 cm (shared across all three variants)

INHALERS · PROFESSIONAL SERIES

HERO Inhaler Pro 3000

The flagship of the range. 3000 ml/min total flow (2000 ml/min pure H_2), two independent outlets for simultaneous dual-user sessions, three-speed silent operation, and a built-in sterilisation lamp for 365-day continuous use without changing the water.

PRICE (AUD)

A$8,009

Regular price ~~A$8,209~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Total gas output (H_2 + O_2)	3000 ml/min (natural 2:1 ratio)
Pure hydrogen stream	2000 ml/min at 99.991% purity
Noise level	≤ 55 dB at 1 m on high (≤ 48 dB on low)
Power	880 W
Weight	18 kg
Dimensions	260 × 340 × 420 mm

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

WHAT'S INCLUDED

Power cord · User manual · Fuses · Three-way pipe (Y-adaptor) · Hydrogen inhalation tubes · 1-metre drain silicone tube · Water collector · Certificate of conformity · Warranty card · Hydrogen water diffusion rod

Accessory contents may vary slightly by model.

FULL SPECIFICATIONS

Model	HERO Inhaler Pro 3000
Total gas output (H_2 + O_2)	3000 ml/min (natural 2:1 ratio)
Pure hydrogen stream	2000 ml/min at 99.991% purity
Pure oxygen stream	1000 ml/min at >99% purity (separated at the membrane)
Combined H_2 + O_2 flow	Up to 3000 ml/min via included Y connector (2:1)
Flow control	Three-speed adjustable (low / medium / high)
Outlets	Two independent outlets — dual-user share
Membrane	SPE / PEM hydrogen-separation stack
Session timer	30-minute steps, up to 360 minutes auto-shutdown

Sterilisation	Built-in UV sterilisation lamp
Continuous operation	Up to 365 days without changing the water
Output safety	Ozone-free, carbon-monoxide-free
Water reservoir	3.0 L purified water tank
Water requirements	Purified water / Distilled water, TDS < 5
Water temperature	0–60 °C operating range
Chassis	Galvanised steel with bottom wheels
Voltage	100–240 V universal input
Noise level	≤ 55 dB at 1 m on high (≤ 48 dB on low — three-speed mute module)
Power	880 W
Weight	18 kg
Dimensions	260 × 340 × 420 mm

BATHS

HERO Bath 6 L/min Hydrogen Nano-bubble System

A benchtop machine that circulates bath water through a PEM electrolysis cell and returns hydrogen-rich water through the aeration head at 6 L/min. No plumbing installation is required.

PRICE (AUD)

A$7,577

Regular price ~~A$7,777~~

Black Friday price · Offer ends 30 November 2026

KEY SPECIFICATIONS

Water flow	6 L/min
Hydrogen concentration	2,000–3,000 ppb (manufacturer-stated)
Water tank	2.0 L
Rated power	150 W
Weight	17 kg
Dimensions	340 × 265 × 380 mm (L × W × H)

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/products/hero-bath

WHAT'S INCLUDED

Bath machine · Water inlet hose with filter head · Water outlet hose with aeration head · Inlet connector · User manual

FULL SPECIFICATIONS

Water flow	6 L/min
Hydrogen concentration	2,000–3,000 ppb (manufacturer-stated)
Electrolysis	PEM (SPE membrane) cell, using purified water
Water tank	2.0 L
Session timer	15–60 minutes, in 15-minute steps (default 15)
Output pressure	0–0.2 MPa
Rated power	150 W
Voltage	100–240 V, 50/60 Hz
Plug	Australian plug supplied for Australia delivery
Dimensions	340 × 265 × 380 mm (L × W × H)
Weight	17 kg
Water requirement	Purified water (TDS under 30 ppm)
Filter head and aeration head	aluminium oxide (standard); 316 stainless steel heads available on request
Display	Touchscreen with timer, water temperature and TDS display
Filling and draining	Automatic water filling and draining via the supplied 1 m silicone hose
Protection	Low water, high water level, overheating and power overload; TDS alarm if impure water is added

WATER SYSTEMS

HERO RO Dual 10

The HERO RO Dual 10 is a hydrogen water machine with integrated reverse-osmosis filtration. It produces hydrogen-rich drinking water only, not inhalation gas.

PRICE (AUD)

From A$3,604

Regular price ~~A$3,804~~

Black Friday price · Offer ends 30 November 2026

Option 660	**A$3,604 (regular A$3,804)**

WHAT'S INCLUDED

Box contents are not listed on the product page yet; ask us for the packing list.

FULL SPECIFICATIONS

Category	Reverse osmosis (RO) hydrogen water machine
Installation	Countertop — no permanent plumbing required
Filter configuration	PP + CTO + RO
Applicable water source	Municipal tap water
Certification	Certification documents available on request
Applicable water temperature	5–38°C
Total machine power	2200 W
Main unit dimensions	210 × 390 × 500 mm
Packaging dimensions	570 × 300 × 460 mm
Raw water tank capacity	6 L
Pure water tank capacity	2 L
Water purification flow rate	0.26 L/min
Net weight	9.2 kg
Gross weight	11 kg
Hydrogen generation	PEM hydrogen electrolysis
Dissolved hydrogen concentration	Up to 2500 ppb
Instant hot water	Within 3 seconds
Adjustable temperatures	25°C · 45°C · 65°C · 85°C · 100°C
Adjustable flow volumes	3 settings
Smart features	Filter reminder, refill alert, water quality detection, fault diagnosis

WATER SYSTEMS · PORTABLE

HERO Bottle

Portable 300ml bottle that generates up to 5,000 ppb hydrogen-rich water on a wireless charge.

PRICE (AUD)

A$324

KEY SPECIFICATIONS

Hydrogen concentration	3000–5000 ppb
Bottle volume	300 ml
Bottle body material	High borosilicate glass
Battery capacity	3000 mAh
Weight (with gift box)	0.8 kg

WARRANTY AND RETURNS

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

FULL SPECIFICATIONS

Hydrogen concentration	3000–5000 ppb
Water quality required	Drinking water
Bottle body material	High borosilicate glass
Bottle volume	300 ml
Battery type	Polymer lithium battery
Battery capacity	3000 mAh
Water temperature range	0–60°C
Gift box size	28 × 11 × 9 cm
Weight (with gift box)	0.8 kg
Single package size	30 × 12 × 11 cm
Single gross weight	1.0 kg

WATER SYSTEMS · COMMERCIAL

HERO Irrigation Hydrogen Nano-bubble System

20 L/min hydrogen-rich water at 3,000–5,000 ppb dissolved hydrogen (sensor-verified) — sized for glasshouses, vineyards, nurseries, hydroponic farms, turf, and multi-hectare deployments. PEM/SPE electrolysis, model-specific gas composition.

PRICE (AUD)

A$23,304

Regular price ~~A$23,504~~

Black Friday price · Offer ends 30 November 2026

Project freight, import terms and delivery schedule confirmed before ordering.

KEY SPECIFICATIONS

Hydrogen water output	20 L/min
Dissolved hydrogen (sensor-verified)	3,000–5,000 ppb
Input power	800 W
Dimensions	550 × 350 × 970 mm (W × D × H)
Weight	83 kg including accessories
Protection	IP54 · Class I

WARRANTY AND RETURNS

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

WHAT'S INCLUDED

Box contents are not listed on the product page yet; ask us for the packing list.

FULL SPECIFICATIONS

Hydrogen water output	20 L/min
Dissolved hydrogen (sensor-verified)	3,000–5,000 ppb
Dissolved hydrogen (methylene-blue titration)	2,000–4,000 ppb
Hydrogen purity	model-specific gas composition
Recommended flow capacity	Up to 6,000 L/day
Output pressure	0–0.2 MPa
Inlet water pressure	0.1–0.4 MPa
Input power	800 W
Voltage	100–240 V ±15%, 50–60 Hz
Material	Stainless steel enclosure
Dimensions	550 × 350 × 970 mm (W × D × H)
Weight	83 kg including accessories
Protection	IP54 · Class I
Input water	Potable, RO or distilled — TDS ≤ 50 ppm, 5–40 °C
Outlet connection	G1/2 thread, 8 mm push-fit with valve

Bundles

Fixed-price system bundles. The price shown is the amount checkout charges.

Practitioner Water Bundle — HERO + HERO Bottle

Pair the HERO Purity 200-110 home system with the HERO Bottle portable hydrogen bottle for a complete purity workflow. HERO produces RO-purified water that feeds your HERO Bottle directly, eliminating the need to buy distilled water and avoiding contamination risks from city water. HERO at home for purity, HERO Bottle on the go for convenience.

PRICE (AUD)

A$2,645

Regular price ~~A$2,845~~

Black Friday price
Offer ends 30 November 2026

INCLUDES

- HERO Purity 200-110
- HERO Bottle

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

Practitioner Hydrogen Bundle

Built for practitioners running daily sessions: the HERO Purity 200-110 delivers RO-purified water as the feedstock, while the HERO Inhaler 1200 covers structured inhalation for clients and staff. Purity infrastructure and delivery specified together, so membrane life is protected and session quality stays consistent across a full clinic week.

- HERO Inhaler 1200
- Hydrogen water diffusion rod (with the inhaler)

24-month warranty · 90-day returns. Change-of-mind return shipping is paid by the buyer; we cover it if a machine arrives damaged or faulty. Support by email and WhatsApp; replacement parts shipped directly to you.

Biohacker Hydrogen Bundle

The complete personal protocol — RO-purified water from the HERO Purity 200-110, hydrogen-rich water on the move with the HERO Bottle, and daily inhalation via the HERO Inhaler 1200. Three delivery routes from one purity source, covering hydration, portability and structured breathing sessions without sourcing each system separately.

Clinic Hydrogen Bundle

Built for high-throughput clinical workflow — the HERO Purity 200-110 supplies RO-pure water to the HERO Inhaler Pro 3000 inhaler and HERO Bath system, creating one purity backbone across a professional environment. The stack supports multi-room practices with stable output for back-to-back sessions, so staff can move between inhalation and bathing stations without reconfiguring water quality. Reliable capacity, consistent purity stability, and a…

Distributor Hydrogen Bundle

Designed as a demonstration and resale stack for distributors — the HERO Inhaler Pro 3000 inhaler, HERO Bath system and HERO Purity 200-110 purity infrastructure let you showcase inhalation, bathing and RO-pure water production in a single buyer visit. Educate prospects hands-on: run a purity-controlled demo, compare modalities side by side, and explain how the HERO unit protects every downstream system. One portable showroom…

Accessories

Accessories ship with a machine order unless noted. HERO Bottle, the RO filter set and the 10-pack of cannulas can be ordered on their own.

Intelligent Steam Hydrogen Beauty Mask — A$812

Heated steam facial mask with a digital display, temperature regulation and session timer. Connects to any Hydrogen Machines inhaler.

Design	Water injection port, breathable side holes, preheat indicator light, built-in eye-protection visor
Controls	Digital display · temperature regulation · session timer · power switch
Connectivity	Universal silicone breather pipe — connects to any Hydrogen Machines inhaler

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/hydrogen-face-mask

Single Nasal Cannula — A$17

Silicone nasal cannula with a built-in water trap. Universal fit for any of our inhalers.

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/single-nasal-cannula

Single Nasal Cannula — 3 Pack — A$41

Three of our standard single-user nasal cannulas in one pack — keep spares in the drawer.

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/single-nasal-cannula-3pack

Single Nasal Cannula — 10 Pack

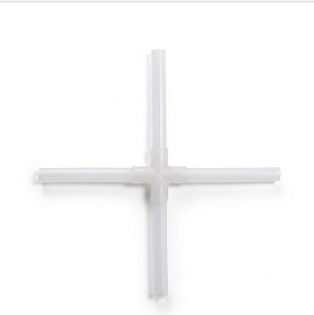

A$128

Ten of our standard single-user nasal cannulas — best value for clinics, families and long-term users.

Can be ordered on its own.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/single-nasal-cannula-10pack

Dual Nasal Cannula — Two Users

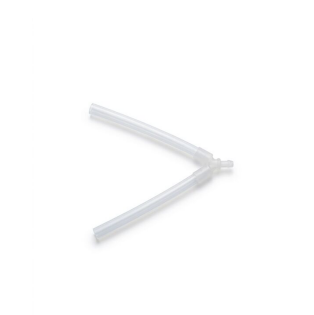

A$21

Run two people from one machine using the dual cannula accessory — each user takes a share of the flow.

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/dual-nasal-cannula

Y Connector — Combined H_2 + O_2 Flow

A$20

Replacement three-way Y adaptor that joins the hydrogen and oxygen outlets so you breathe the full combined hydrogen–oxygen flow (2:1).

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/y-connector

Nano-Bubble Hydrogenation Rod — A$113

316 stainless steel diffuser that breaks hydrogen gas into nano-bubbles for ultra-high dissolution in water.

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

View product page → hydrogenmachines.com.au/accessories/nano-bubble-hydrogenation-rod

Hydrogen Eye Mask Goggles — A$85

Food-grade silicone goggles that connect to your inhaler and direct hydrogen around the eye area.

Ships with a machine order.

Excluded from the 24-month machine warranty. Replacement if faulty on arrival; statutory consumer rights remain. Faulty-only returns: no change-of-mind returns on accessories once dispatched. Support by email and WhatsApp; replacement parts shipped directly to you.

Certifications and testing

FCC Part 15 Subpart B electromagnetic emissions test documentation (ANSI C63.4:2014) applies to five HERO inhalers: 900, 1200, 1500, 1800 and Pro 3000.

The 99.991% hydrogen purity figure is stated for the HERO Inhaler 900, 1200, 1500, 1800 and Pro 3000 only.

Certificates, test reports and test-chamber photographs are published on our certifications page.

Certification and test documentation describes the hardware and its manufacturing, not medical or therapeutic status. HERO products are general wellness devices.

Certifications and test reports → hydrogenmachines.com.au/certifications

About Hydrogen Machines

Hydrogen Machines is part of YBG Group, with an oxyhydrogen engineering lineage since 1985.
